

Bexhill on Sea

Mission Statement

Our purpose is to enrich the lives of the people we support at home, alongside their families who love and care for them.

We encourage and respect our clients' independence, giving them choices and enabling them to live at home, feeling safe and supported.

Our companionship and care services are tailored to suit each client's individual needs.

We listen and respect our clients' wishes. Spiritual beliefs and cultural and social diversity are also recognised and respected at all times.

We provide a companionship meeting group in the community. This is a place for our Clients to go and make connections and take part in activities. It is also open to other members of the community looking to make friendships and get involved.

We empower, support and inspire our CAREGivers to make a positive difference to our Clients. This is backed up by a programme of development and training. We also show and share our appreciation for the amazing work that our CAREGivers do.
