

Lockdown Update

We hope you all had a lovely bank holiday weekend. Now that pubs and restaurants are open for outdoor meals, we hope that you have had the opportunity to see more of your friends and family again. Perhaps even over a barbeque in the garden! Hopefully, the weather will improve so there can be plenty more to come. As of last month, stage three of the lockdown being lifted came into play. The rule of 6 or the two household rule now applies to indoor gatherings and indoor hospitality has reopened. Which means no more having to brave the Great British weather for a coffee and a meal! It also means we're one step closer to normality with currently only one more step to go later this month.

Pioneering Home Care Service

Over a six week training programme the our team of CAREGivers have been trained in a variety of clinical care methods such as blood pressure monitoring, glucose levels monitoring, and wound dressing. This allows CAREGivers to carry out procedures that would otherwise have to be done by healthcare professionals. We are pleased to pioneer this type of care service and look forward to seeing the impact it has on our community. The other benefit is the reduction in the number of people being required to visit a client's home, bringing peace of mind during a pandemic and easing the burden on the NHS

CAREGiver Recognition Awards

Congratulations to all our fabulous CAREGivers that received recognition awards recently! Each person was put forward for an award by either a team member or one of their clients. If you would like to nominate a CAREGiver for this award please email Danielle.harris@homeinstead.co.uk telling us why you think they deserve recognition. Congrats to Cheryl, Kan, Suzann, Steph, Julie, Vicki, Sally, and Annette!

A pair of Jeans

We recently welcomed a new team member into the Home Instead office family - our new scheduler Jean! This has taken some getting used to because, as you may know, we have another Jean who is our Client Services Manager. Our new Scheduler Jean is in charge of organising the week's rotas. She is very excited to join the team and start making a real difference. Just remember Jean E (shown left) is our Scheduler and Jean C is the Client Services Manager. So please give a warm welcome to Jean E!

A message from Amanda, Director

Here at Home Instead, we are seeing more and more people choosing to stay in the comfort and safety of their own homes when they need a little extra help with daily life. We are currently expanding our team of office staff to ensure you continue to receive the very best quality of care and support. Look out for more news in the coming months!
